

Do you want to ensure our hospitals and schools are funded adequately?

Do you care about having enough funding for emergency response, public roads, parks, healthcare, housing, community funding, and good public jobs?

Does it matter to you that California has political representation from county, city, state, and federal officials, so we have a voice on important decisions that affect our families, workforce and communities?

If you answered YES to any of these questions, then fill out the Census today! Each person who is counted represents over \$1,000 a year in federal funding. So complete the Census and be counted! All information provided is confidential and won't be used by immigration authorities.

You can complete the census:

- Online at <https://my2020census.gov/>
- By phone at 1-844-330-2020
- By mail, if you received the paper form

After you fill out the Census, tell five friends or family members to fill it out too post on social media using the hashtag #CALaborCounts

The elderly, people with disabilities, and undocumented workers are often undercounted, so reach out and help them get counted!
